HIDDEN CLASSICS

THE TIMELESS RECIPES

Every great cocktail has a story.

Our Hidden Classics bring together forgotten gems and enduring icons, each chosen for its history, character, and place in the evolution of cocktail culture.

From the 18th-century Fish House Punch and the elegant Clover Club to modern classics like the Appletini and Tommy's Margarita, this collection spans centuries of craftsmanship, tradition, and innovation.

Alongside them, our House Classics reinterpret familiar favourites through our own lens — respecting their foundations while introducing new flavours, techniques, and perspectives.

Each sip invites you to uncover stories, traditions, and tastes that have shaped cocktails for over a century, offering a journey through history in every glass.
